

RAPIDTRACK K12

SAFE SCHOOLS

Clear Hallways Fast

Correct Bad Behavior

Decrease Tardies

RapIDtrack is a PC Based K12 Administrative System that takes the paperwork and headaches out of attendance and behavior violations. We provide a simple and automated way of defining behavior policy and compliance, processing tardy students, and issuing detentions.

RAPIDTRACK K12 System Specifications

- 32 Bit ODBC compliant for Microsoft Windows 2000/XP/Vista*
- PC Specifications are those of minimum Windows® requirements for operating systems as well as for any add-on peripheral used with the system such as a card reader or pin pad
- MS-SQL Server database capable of linking to other ID card and administrative systems
